

After completion of 10th Class those student who aim to become doctors, Sri Gosalites is offering 4 Weeks Free online GIFT Programme (Gosalites Intermediate Foundation Tuning Programme). If you take the first step here towards your aim of becoming a doctor – your success is guaranteed .

Starting Date of Programme

For CBSE/ICSE Students : **25-03-2026**

For State Board Students : **07-04-2026**

Why the GIFT Programme ?

This is a GIFT to Telugu State students & parents from Sri Gosalites for GIFTing us with so much of public acceptance & love!

Need of GIFT:

- Till 10th Class mostly subjective exams will be conducted so students would be used to only mostly memorization & step wise marking.
- NEET Exams tests applications of concepts rather than just the knowledge. For this students should have a grip on the basics, understanding of concepts and application orientation.
- NEET has a negative marking scheme for wrong answers & lower cut off marks in recent year. So, exam writing skills needs significant upgrade i.e. training of calculated risk taking.
- With many years of experience & innovative teaching mechanisms, the Sri Gosalites' Team have linked the 10th exam pattern and NEET Exam prerequisites and are teaching students to get complete grip on basics & exam attempting techniques, through the GIFT programme presenting it to all students.
- Wherever you wish to study from, to help achieve your noble ambition of becoming a doctor, on our behalf we are putting in efforts to make it easy to adapt to the NEET pattern.
