

## Are You Not Well Prepared for the NEET 2026 after senior inter exam?

If you wish to become a doctor but feel NEET is tough to crack this time, Sri Gosalites has devised this innovative & emphatic program to help ordinary student beat extraordinary by Early Adaptation & Regulated Upgradation of level.

Be a Doctor, Be a Gosalite

**Batch Starts : 25<sup>th</sup> March 2026**

**Batch Ends : May 2027**

**Program Duration : 13 Months**

### Program Structure:

**Gear 1 :** (March 2026 – May 2026 ) Physics, Chemistry, Biology and NEET related Mathematics Fundamentals to be strengthened

**Gear 2. :** (June 2026 to January 2026) Long Term Detailed NEET 2027 Coaching

**Gear 3 :** (February 2027 to March 2027) : Subject wise 1st Revision with 3 exams per week.

**Gear 4 :** (February 2027) Subject-wise Marathon Class Revision

**Gear 5 :** (April 27 – May 27) Paper Discussion along with Grand Test and FACE NEET 2027

- After studying in ordinary Junior Colleges, students who have received only IPE coaching or those students who have not focused properly in their two year Inter or students who are facing problems in other institutions due to stress and pressure, this program will be ideal and very useful.
- To make students self-confident and compete with any student of their Long-term Batch, we want to give coaching starting from zero basics, which requires time. That's why we are starting this batch very early which will enable students to gain a strong foundation and help students to go forward with self-confidence.
