SRI GOSALITES – YOUR LAUNCHPAD TO GUARANTEED NEET SUCCESS

Founded in 2021 by Chairman Sri V. Narendra Babu, along with a team of expert North Indian academic Directors, Sri Gosalites Medical Academy has rapidly become a top destination for ambitious students pursuing NEET excellence. Located in Vijayawada, the Academy has gained national recognition within just five years.

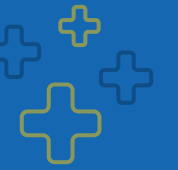

MISSION

Providing the best quality content, food, accommodation and growth environment under one roof.

VISION

We envision making our students ready for all kinds of personality development and giving them a purpose in their career. Our teachings are backed by research and experience of years.

Management of "Mass"

Our students are our strength.
This Institute belongs to you, The Future Doctors

Dear Parents and Students,

Sri Gosalites was founded in 2021, but our roots go much deeper. Our core academic team has worked together since 2016, guiding over 10,000 medical aspirants as a team and more than 50,000 individually across India. I have spent 40 beautiful years in the field of education starting as a lecturer to higher management roles in Telugu states, helped turning institutes into national brands.

In all my experience, I believe results come from strong systems, stronger intent & focused work. In due course of time I have observed the focus is lowered due to expansions of many big brands and that is the change I wish to bring with establishment of Sri Gosalites.

The quality of Focus & Result of brands!

We bring the best faculty academically as well as ethically under one roof & our focus is on most number of selections in medicine. We nurture not just doctors but confident individuals through holistic education.

We have result dominance already yet I am more bullish with future results as I know our team has infinite capacities.

We just need students willing to follow our system & we will take care of the rest.

Special thanks to the parents & students of Gosalites family for the trust shown & being our brand ambassador!

With warm regards,

V. Narendra Babu and The Gosalites Family

At Sri Gosalites, we firmly believe that every student learns in their own unique way. Some grasp concepts instantly, while others may need time, practice, and encouragement - and that's perfectly natural. Unlike institutions that categorize students as toppers or average, we treat every learner with equal care and respect. Our adaptive teaching model ensures that classes are organized according to learning pace, providing personalized guidance for each individual. Backed by a highly experienced and compassionate faculty, our coaching combines precision, patience and progress tracking to bring out the best in every student. At Gosalites, we measure success not by ranks alone, but by how many of our students achieve their dream of earning a medical seat with confidence and pride.
